Bachelor of Science: Computer Science, Nordakademie Hochschule der Wirtschaft, Elmshorn

January 2020 — March 2023

Employment History

Team Lead Operations, Fast Lane Institute for Knowledge Transfer GmbH, Hamburg

November 2023 — March 2024

- Demonstrating impactful technical leadership for the Operations Team.
- Successfully taking charge in resolving escalations, showcasing a proactive approach and problem-solving expertise.

Junior Project Manager Operations, Fast Lane Institute for Knowledge Transfer GmbH, Hamburg

April 2023 — October 2023

- Spearheaded the maintenance of the internal trainer database, streamlining information management and accessibility.
- Proactively served as the primary liaison to esteemed training partners, fostering strong collaborative relationships.
- Implemented data-driven insights to strategically enhance the planning of the public training schedule, resulting in a significant reduction in overall workload.
- Pioneered ongoing efforts to introduce data-driven process optimizations, contributing to heightened efficiency and effectiveness across multiple teams.

Dual Student, Junior Software Developer, Fast Lane Institute for Knowledge Transfer GmbH, Hamburg

January 2020 — March 2023

- Collaborated seamlessly with software development and testing teams, instrumental in crafting robust solutions that not only met but exceeded in-house requirements for functionality, scalability, and performance.
- Identified and defined project scopes, constraints, risks, and deadlines, facilitating clear understanding and effective decision-making.

Profile

Computer Science Bachelor's graduate pursuing a Master's in Business Intelligence. Seeking a data-driven role to leverage engineering expertise, technical skills, analytical mindset, and business intelligence knowledge for impactful decision-making.
